Education

Indian Institute of Information Technology, Raichur

Bachelor of Technology in Artificial Intelligence and Data Science

Aug 2023 – May 2027

Experience

Junior Flutter Developer

Apr 2026 – Present

Webintegratorz Technologies

- Developed cross-platform mobile application features using Flutter and Dart, integrating REST APIs and state management solutions.
- Implemented rich text editing using **Quill Editor**, integrated secure media upload workflows using **Amazon S3**.
- Developed health data synchronization features using **Health Connect (Android)** and **Apple HealthKit (iOS)** for cross-platform health tracking.
- Implemented **Firebase Cloud Messaging (FCM)** push notifications and collaborated with developers and designers in agile development workflows.

Flutter Developer Intern

Mar 2026 – Apr 2026

Syflex Techno Solution Pvt. Ltd.

- Integrated **REST APIs and Firebase services**, ensuring structured and reliable data flow across modules.
- Implemented **data validation, error handling, and async state management** to improve application stability.

Technical Skills

Programming Languages: C, C++, Python, Dart, JavaScript

CS Fundamentals: Data Structures and Algorithms, Object-Oriented Programming (OOP), DBMS, Operating Systems, Computer Networks

Backend Development: Node.js, Express.js, Prisma ORM, REST APIs, JWT Authentication, MVC Architecture

Mobile Development: Flutter, Firebase (Authentication, Firestore, Realtime Database), Supabase, BLoC, Provider

Databases: PostgreSQL, SQL, Firestore, Supabase

AI/ML: Machine Learning, Data Analysis, NumPy, Pandas, SciPy, Matplotlib, Natural Language Processing (NLP)

Tools & Platforms: Git, GitHub, Postman, VS Code

Leadership Roles

Placement Cell Coordinator

Jan 2026 – may 2026

Indian Institute of Information Technology, Raichur

- Coordinated with **15+ recruiters**; improved response efficiency by **25%** through structured workflows.

Academic Secretary — Student Affairs Council

Aug 2024 – Oct 2025

Indian Institute of Information Technology, Raichur

[Certificate](#)

- Led student initiatives impacting **600+ students**; revived Aurora Club achieving **70%+ participation**.
- Authored policy proposals and initiative reports to streamline academic and extracurricular processes.

Projects

Modern Retrieval-Augmented Discovery of RESTful Web APIs | Python, NLP, LLMs

Research Paper Under Review

- Developed a hybrid API discovery system using BM25, BGE embeddings, HyDE, and reranking models.
- Evaluated retrieval performance using Hit@K and MRR metrics against GPT-4 based retrieval methods.
- Achieved Hit@20 = 0.80 with lower inference cost and reduced response latency.

ArenaFlow — Tournament Management App | Flutter, Firebase

[GitHub](#) | [Demo Video](#)

Aug 2024 – jan 2025

- Built a sports tournament app using Flutter and Firebase with real-time tracking, live commentary, and automated brackets.
- Optimized Firestore queries using caching, pagination, and indexing to reduce latency and support concurrent users.

Achievements & Activities

- Qualified GATE CS 2026 (Computer Science).
- Secured **under 5000 global rank** in **LeetCode Biweekly Contest**. Solved **400+ DSA problems** across competitive programming platforms (LeetCode: **1450+ rating**, GeeksforGeeks: **450+ score**).
